

BACKSEAT BABY CAR MIRROR

NEW

AA Backseat Baby Mirror is a convenient and reliable accessory for monitoring your baby's safety while on the road. This mirror is designed with ease of use in mind, allowing you to attach it to any headrest. Its wide-view angle, enabled by an adjustable pivot joint, ensures that you can position it for optimal visibility. The mirror surface itself is generously sized at 190 x 160mm, providing a clear and comprehensive view of your baby at all times.

- Easy to install
- Adjustable straps and buckles – easy to attach to any headrest
- Wide-view angle with adjustable pivot joint
- 190 x 160mm large mirror surface to make it easy to monitor your baby's safety
