

Sakura Paint has arrived...

Sakura extends its range with New High-Performance Spray Paint

Sakura has unveiled its latest innovation – a comprehensive range of body shop-quality spray paints, designed for both professional and DIY use.

The collection features a wide selection of finishes, including gloss and matt paints, primers (standard and plastic), clear varnishes in gloss and matt, and specialist wheel paints. This complete line-up ensures users have the right product for every stage of preparation, finishing, and protection.

By combining ease of use with professional-grade results, Sakura provides a versatile and reliable solution to the market. Whether restoring, customising, or protecting, these new spray paints are designed to deliver a flawless finish every time.

Engineered for performance, the Sakura Spray Paint range offers:

- Fast-drying application for efficiency and convenience
- Multi-surface adhesion suitable for a variety of projects
- Concentrated, high-output spray delivering up to 2x coverage
- Durability against chemicals, petrol, UV, and abrasion
- Exceptional coverage of 2.5–3 m² per can
- Fan nozzle ensures better, more even coverage
- Wide range of SKUs available to suit different needs
- Produced by a leading manufacturer, recognised as “first-in-class”

**Primer Grey 400 ml
(Case of 6)**

- Fast drying multi-surface body shop quality primer
- Smooth base layer that prevents rust
- High coverage and filling properties
- Suitable for surfaces including metals, plastics, wood & ceramics

SS6009

**Primer Red 400 ml
(Case of 6)**

- Fast drying multi-surface body shop quality primer
- Smooth base layer that prevents rust
- High coverage and filling properties
- Suitable for surfaces including metals, plastics, wood & ceramics

SS6010

**Primer Black 400 ml
(Case of 6)**

- Fast drying multi-surface body shop quality primer
- Smooth base layer that prevents rust
- High coverage and filling properties
- Suitable for surfaces including metals, plastics, wood & ceramics

SS6011

**Primer White 400 ml
(Case of 6)**

- Fast drying multi-surface body shop quality primer
- Smooth base layer that prevents rust
- High coverage and filling properties
- Suitable for surfaces including metals, plastics, wood & ceramics

SS6012

**Plastic Primer 400 ml
(Case of 6)**

- Fast drying body shop quality plastic primer
- For use on PP modified with EPDM & other plastics
- High coverage and filling properties
- Provides superior surface adhesion

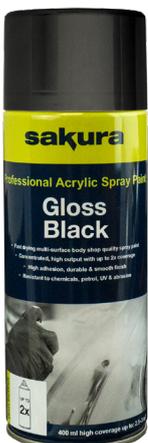

SS6017

**Paint Satin Black 400 ml
(Case of 6)**

- Fast drying multi-surface body shop quality spray paint
- Concentrated, high output with up to 2x coverage
- High adhesion, durable & smooth finish
- Resistant to chemicals, petrol, UV & abrasion

SS6008

**Paint Gloss Black 400 ml
(Case of 6)**

- Fast drying multi-surface body shop quality spray paint
- Concentrated, high output with up to 2x coverage
- High adhesion, durable & smooth finish
- Resistant to chemicals, petrol, UV & abrasion

SS6006

**Paint Gloss White 400 ml
(Case of 6)**

- Fast drying multi-surface body shop quality spray paint
- Concentrated, high output with up to 2x coverage
- High adhesion, durable & smooth finish
- Resistant to chemicals, petrol, UV & abrasion

SS6013

**Paint Matt Black 400 ml
(Case of 6)**

- Fast drying multi-surface body shop quality spray paint
- Concentrated, high output with up to 2x coverage
- High adhesion, durable & smooth finish
- Resistant to chemicals, petrol, UV & abrasion

SS6007

**Paint Matt White 400 ml
(Case of 6)**

- Fast drying multi-surface body shop quality spray paint
- Concentrated, high output with up to 2x coverage
- High adhesion, durable & smooth finish
- Resistant to chemicals, petrol, UV & abrasion

SS6014

**Wheel Paint Silver 400 ml
(Case of 6)**

- Fast drying spray paint for steel & alloy metal wheels
- Concentrated, high output with up to 2x coverage
- High quality protection against weather, petrol, oils & chemicals
- Strong durability, non-fading & ultra smooth finish

SS6000

**Wheel Paint Gloss Black 400 ml
(Case of 6)**

- Fast drying spray paint for steel & alloy metal wheels
- Concentrated, high output with up to 2x coverage
- High quality protection against weather, petrol, oils & chemicals
- Strong durability, non-fading & ultra smooth finish

SS6001

**Wheel Paint Gold 400 ml
(Case of 6)**

- Fast drying spray paint for steel & alloy metal wheels
- Concentrated, high output with up to 2x coverage
- High quality protection against weather, petrol, oils & chemicals
- Strong durability, non-fading & ultra smooth finish

SS6002

**Wheel Paint Matt Black 400 ml
(Case of 6)**

- Fast drying spray paint for steel & alloy metal wheels
- Concentrated, high output with up to 2x coverage
- High quality protection against weather, petrol, oils & chemicals
- Strong durability, non-fading & ultra smooth finish

SS6003

**Wheel Paint Steel 400 ml
(Case of 6)**

- Fast drying spray paint for steel & alloy metal wheels
- Concentrated, high output with up to 2x coverage
- High quality protection against weather, petrol, oils & chemicals
- Strong durability, non-fading & ultra smooth finish

SS6004

**Wheel Paint White 400 ml
(Case of 6)**

- Fast drying spray paint for steel & alloy metal wheels
- Concentrated, high output with up to 2x coverage
- High quality protection against weather, petrol, oils & chemicals
- Strong durability, non-fading & ultra smooth finish

SS6005

**Varnish Clear Gloss 400 ml
(Case of 6)**

- Fast drying multi-surface body shop quality spray paint
- Concentrated, high output with up to 2x coverage
- High adhesion, durable & smooth finish
- Resistant to chemicals, petrol, UV & abrasion

SS6015

**Varnish Clear Matt 400 ml
(Case of 6)**

- Fast drying multi-surface body shop quality spray paint
- Concentrated, high output with up to 2x coverage
- High adhesion, durable & smooth finish
- Resistant to chemicals, petrol, UV & abrasion
